

THE ADOPTION PROCESS AT CVHS

Thank you for your interest in adopting an animal from the Cedar Valley Humane Society!

Cedar Valley Humane Society

Our application process comes in two parts: the first being our pre-screening application (see below). These questions are to better help us find an animal that would do best in your home based on what we know about its history, medical needs, and anything else we know about the animal.

The second part of our application is on the back of this sheet, and is needed to legally complete your adoption. The full application process can take anywhere from 24-72 hours from start to finish.

Please answer these questions truthfully and to the best of your knowledge so we can make sure our adoptable pets find their forever home, and that you find a new forever friend.
